

**R.E.S.C.U.E Missouri Schools  
Resources for Every School Confronting Unexpected Emergencies**

*free asthma resources for Illinois public schools*

Dear Asthma Partner,

Thanks to recent legislation and state funding, all public schools in Missouri will be receiving **free asthma rescue medication, medical equipment, and educational resources** (RFPS30034902301448).

The Asthma and Allergy Foundation of America is excited to partner with respiratory providers, pharmacists, vendors, and school districts to get lifesaving medication and equipment to children with unmanaged asthma.

In this packet, you will find four important documents to help you us administer this program in Missouri together:

1. Standing Order
2. Prescription
3. Reporting Protocols
4. Stock Albuterol Inhaler and Nebulizer Protocol and Action Plan

For more information about HB1188, which allows a trained school nurse or employee to administer asthma-related rescue medication to a student experiencing an asthma attack, we encourage you to review the [House Bill language of the 96<sup>th</sup> General Assembly](#), in which many of these protocols are based from.

You are also welcome to review more information on the AAFA website, <https://aafastl.org/RESCUE>.

Thank you for your collaboration in getting this medication to children that need it and keeping them in class.

Grateful,

Chris Martinez,  
AAFA CEO

**STANDING MEDICAL ORDER FOR THE EMERGENCY  
 ADMINISTRATION OF SHORT-ACTING BRONCHODILATOR  
 (E.G., ALBUTEROL) BY A TRAINED INDIVIDUAL  
 FOR A STUDENT EXHIBITING RESPIRATORY DISTRESS  
 PURSUANT TO HB 1188**

**STANDING ORDER ISSUED TO:**

All public school districts in the following counties:

Adair County	Daviess County	Macon County	Reynolds County
Andrew County	Dekalb County	Madison County	Ripley County
Atchison County	Dent County	Maries County	Saline County
Audrain County	Douglas County	Marion County	Schuyler County
Barry County	Dunklin County	McDonald County	Scotland County
Barton County	Franklin County	Mercer County	Scott County
Bates County	Gasconade County	Miller County	Shannon County
Benton County	Gentry County	Mississippi County	Shelby County
Bollinger County	Greene County	Moniteau County	St Charles County
Boone County	Grundy County	Monroe County	St Clair County
Buchanan County	Harrison County	Montgomery County	St Louis County
Butler County	Henry County	Morgan County	St. Francois County
Caldwell County	Hickory County	New Madrid County	St. Louis City

**STANDING ORDER:**

Any licensed Nurse working within the Missouri school system (school nurse) or designated personnel who have been trained pursuant to HB 1188 may administer asthma medication via an undesignated stock medication to a student or any person who in their judgment is experiencing respiratory distress due to asthma.

**ASSESSMENT:**

The possibility of respiratory distress will be considered when individuals present with any of the following symptoms, or any combination thereof: blue or gray lips and/or nail beds, trouble breathing while walking and talking, shortness of breath, coughing, wheezing, chest tightness breathing hard and fast, nose opening wide, retractions (sucking in skin at ribs and neck). These symptoms may be brought on by respiratory infection, exposure to a known trigger, or exercise.

**IMPLEMENTATION AND STANDING MEDICAL ORDER:**

The school nurse or designated personnel will **assess** the student, staff, or visitor’s symptoms and history. If, in the reasonable opinion of the school nurse or designated personnel, respiratory distress is likely, the school nurse or designated personnel will obtain the undesignated asthma medication and respond according to the attached **“Stock Albuterol Inhaler and Nebulizer Protocol and Action Plan”**.

**QUALITY ASSURANCE:**

The trained employee will complete the **AAFA Undesignated Asthma Medication Reporting Form** detailing the age of the individual, description of the individual, information regarding albuterol use, and EMS information. Parents should be notified as soon as possible and within 24 hours after administration.

**EXPIRATION AND DISPOSAL OF UNUSED SHORT-ACTING BRONCHODILATOR MEDICATION:**

A trained employee shall check the expiration date located on the stock medication(s) monthly and obtain a new prescription for a replacement short-acting bronchodilator(s) prior to the expiration date.

A trained employee shall dispose of any expired stock medication(s) in a manner consistent with current state medication policies for disposal. An inventory log shall be kept by the school nurse or designated personnel indicating the date of receipt of undesignated asthma medication and the date of the administration or disposal of the medication.

## **RESCUE MISSOURI SCHOOLS AAFA DATA AND REPORTING REQUIREMENTS**

1. Complete a Nurse Profile
2. Link Nurse Profile to your school campuses
3. Register and sign into the RESCUE Connect Portal (online database managed by AAFA).
4. Complete a RESCUE Program Questionnaire twice per year (once per semester).
5. Complete a RESCUE Undesignated Asthma Medication Reported within 72 hours of usage in the Portal.

## STOCK ALBUTEROL INHALER & NEBULIZER PROTOCOL AND ACTION PLAN For Treating Emergency Respiratory Distress

Is this **SEVERE** Respiratory Distress?

- Struggling to breath / Shortness of breath
- Coughing, wheezing, tightness in the chest
- Difficulty speaking
- Blueness around the lips or fingernails (might look gray or “dusky”)

- Chest retractions (chest/neck are pulling in)
- Use of accessory muscles (stomach muscles are moving up and down)
- Fast pulse (e.g. tachycardia)
- Agitation

YES

NO

**CALL 911**  
AND follow the  
Actions for Severe  
Respiratory Distress Below

**For Mild-to-Moderate Respiratory Distress**

1. Administer 4 puffs of albuterol with valved holding chamber, each puff 15-30 second apart.
2. Restrict physical activity, encourage slow breaths & allow individual to rest. **DO NOT LEAVE THE INDIVIDUAL UNATTENDED!**
3. Instruct office staff to contact parent/ caregiver AND school nurse and/or principal.
4. Observe the individual again after 10-15 minutes.

1. Administer albuterol solution via nebulizer.
2. Document the time 911 was called.
3. Restrict physical activity, encourage slow breaths & allow individual to rest. **DO NOT LEAVE THE INDIVIDUAL UNATTENDED!**
4. Instruct office staff to contact parent/ caregiver AND school nurse and/or principal.
5. Document the time EMS services arrived AND the name of the EMS provider.
6. Observe the individual after 15 minutes if EMS has not yet arrived.

If the individual shows improvement, wait for EMS to arrive & assess the individual.

NO IMPROVEMENT

IMPROVEMENT

**If there is no improvement**

1. Administer 4 puffs of albuterol with valved holding chamber, each puff 15-30 second apart.
2. If there is no improvement, **immediately call 911** AND follow actions for SEVERE Respiratory Distress

IMPROVEMENT

NO IMPROVEMENT AFTER 15 MINUTES &  
EMS HAS NOT YET ARRIVED

1. Administer albuterol via nebulizer again.

Individual should demonstrate the following:

- No more chest tightness or shortness of breath
- Can walk & talk easily

**If the individual shows improvement:**

1. Keep him/her in the health office under supervision until their breathing returns to normal AND the office staff has contacted the student’s parent/ caregiver
2. Follow the post-incident instructions per RESCUE protocols
