Objectives

1. Collaboration & purpose:
What do we want to do and who can do it with us?
2. Execution: How did we make this happen?
3. Evaluation: How do we grow from here?

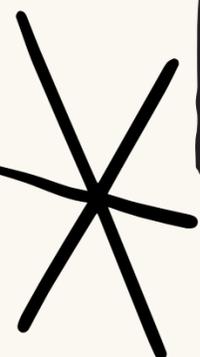

Collaboration & Purpose:

WHAT DO WE WANT TO DO AND WHO CAN DO IT WITH US?

- 1** Who do we want to be a part of this?
 - 2** Where would be the most beneficial?
 - 3** When would be a good time for this to happen?
 - 4** How will we know we have been successful?
- 

Execution: How did we make this happen?

Location

How we are solving those issues...

- We had a backup location that was indoors and scheduled for a time when the weather was most mild.
- All students did not visit all the booths so we are going to have a bingo card for them next time.
- To fix communication and scheduling issues we are sending the schedule out to all staff ahead of time. Tell teachers they need to accompany their students.
- Ensure vendors have enough necessary supplies.

Things to remember...

- We fed the vendors and club representatives that day.
- The apples were given away for free by our food service department.
- Each club is responsible for providing their own supplies.
- You don't have to offer food or treats.

THIS YEARS PLANS!

Expanded to NJH

We will be partnering with our Sparkwheel Support and already have plans set

Met early to plan and get buy in

We met with JH and HS admin during the 1st semester to set a date

Bingo Card

We will be offering a Bingo Card for students when they come down. They will need to get a certain number of vendors initials before getting their treat

Additional Funding Partnership

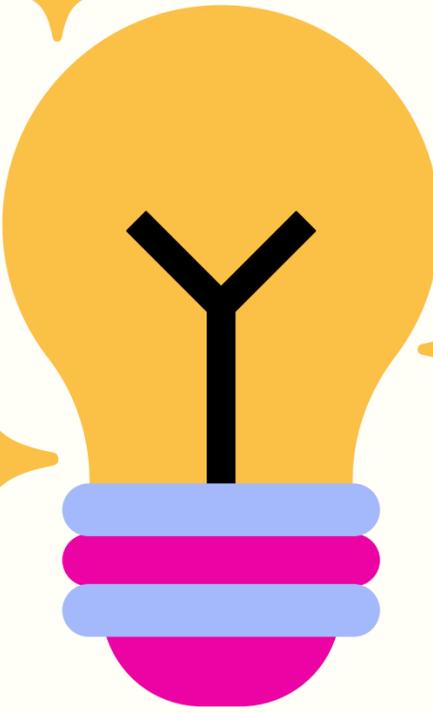

We will be partnering with our Sparkwheel Support and already have plans set

Different Snack

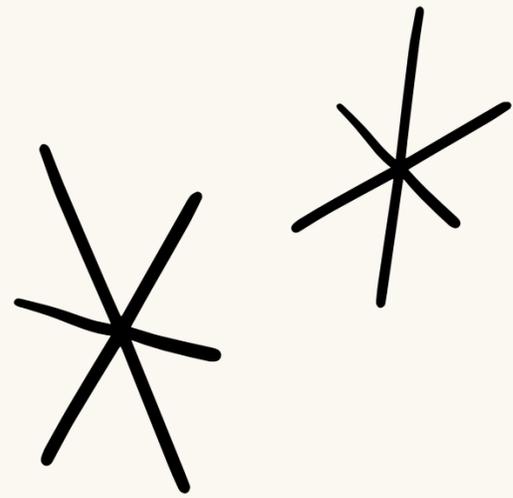

We will have a different treat this time due to how long it took for her to make the snow cones, and offer less options for kids.

NCCC Community Partnership

This is an initiative we will be partnering with NCCC on.
